## **DAY TO GO**

### **TOMORROW / 9AM**

Hi guys, well here we are... one day to go, everybody here is working hard to make sure it goes smoothly tomorrow. The day before is always a little crazy as the checks and double checks are made to be sure we are ready to roll. Because of all of you guys it will be another tremendous day for thousands of our friends in the Ohio Valley as they receive this incredible gift.

See you in the morning, if you can be there at 7:00am to unload the truck, see you then, if not we will see you at 9am to start the packing. Thanks again for your commitment to and for others who need a little help.
